Completion Date: 12/29/2011

PROJECT SUMMARY

Regional Park, LLC – Sacramento, CA

Collins Electrical Company, Inc. is pleased to have partnered together with Solar City to provide a Balance of System installation for the Regional Park PV project located in Sacramento, CA. The 901 KW carport photovoltaic design was comprised of a Bi-Polar system consisting of an Advanced Energy 500KW inverter and a 333KW inverter, 480 v distribution gear and customer interconnection. The project commenced on 11/03/2011 and was completed on 12/29/2011.
